EIP – Active and Healthy Aging

European Innovation Partnership
'grass roots' models of excellence

6 themes where among falls prevention (A2)

Implementation & Up-scaling

Critical mass on falls prevention & management
organisations, best practices, technologies & regions

Action Group A2 on Falls Prevention
155+ partners

ProFOUND
Prevention of Falls Network for Optimization
21 partners + 20 members

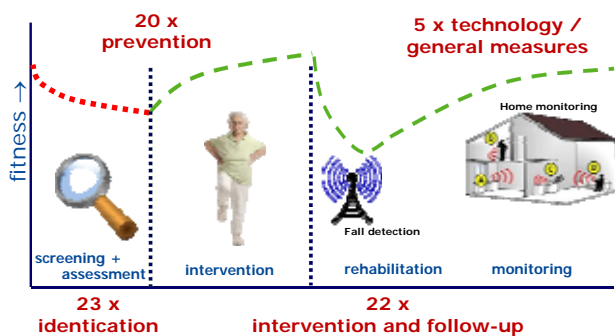

E-NO FALLS
19 partners

Virtual Physiological Human project
Account for factors that determine catastrophic fracture risk
15 partners

30 EU projects x partners

Nature of special practices

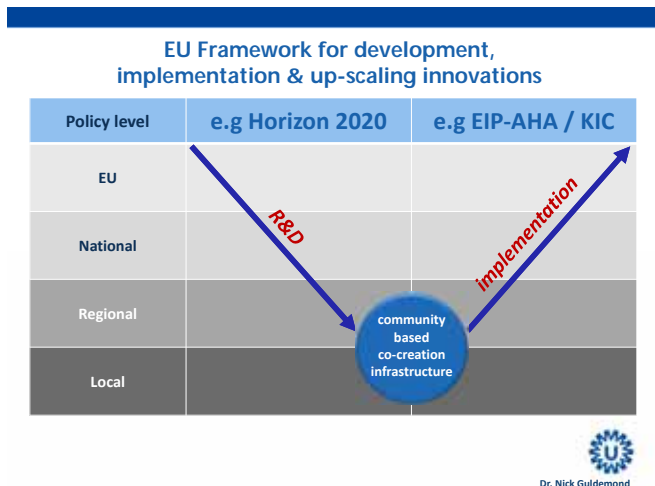

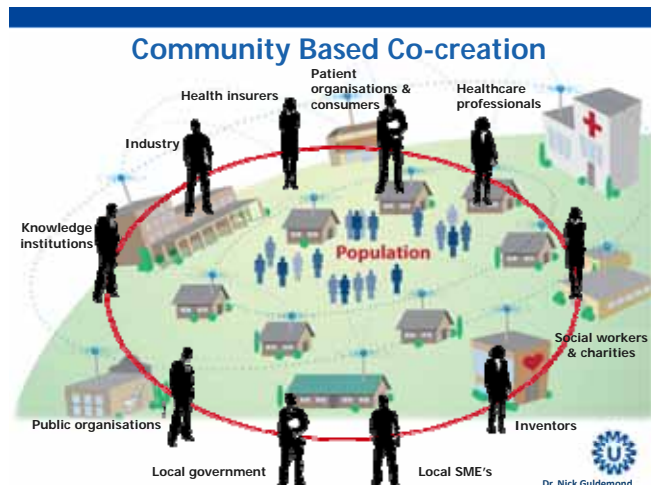

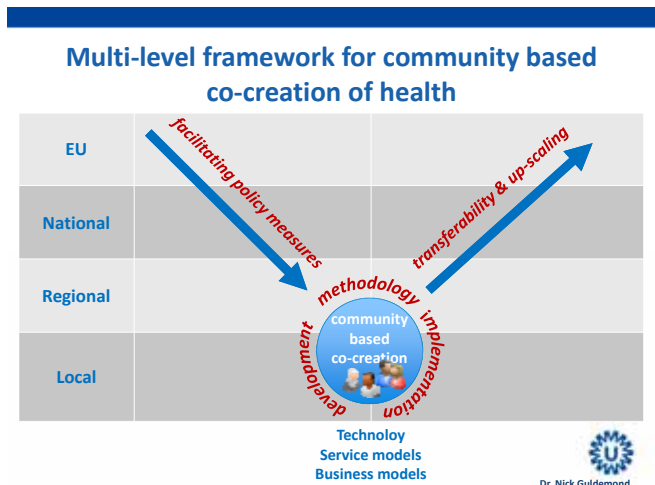

Main Successes of the Action Group so far

Inventory of special practices on scale	
• 33 across 9 countries > seniors	2.013.152
Setting to which practices apply	
• Home setting/community	12
• Primary care	2
• Care homes/Nursing homes	6
• Inpatient hospital care	6
• General (technology) infrastructure	7
Status of practices	
• Planning/development	2
• Pilot/testing	10
• Implementing or implemented	19
• Upscaling	10

Creating community centred health solutions

Steps to take in the EU roadmap

...for falls prevention and management

Dr. Nick Guldemond

European Road Map Falls Prevention

2007 - 2013
Framework Program

2012
EIP-AHA A2 action plan
ProFouND / E-NO-FALLS

2013
Horizon 2020

2014
KIC Health

2015
European Falls Festival

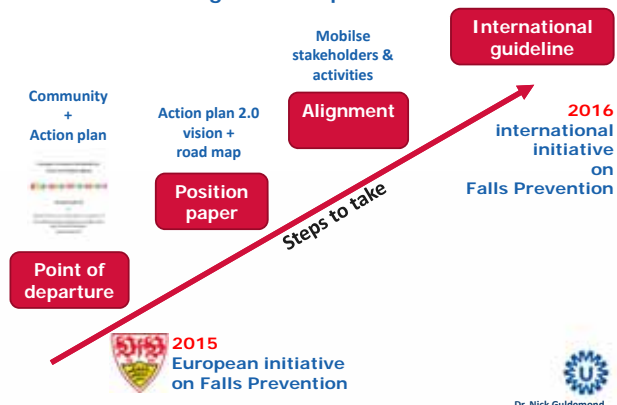

Stuttgart

Dr. Nick Guldemond

Roadmap towards implementation & up-scaling integrated falls prevention

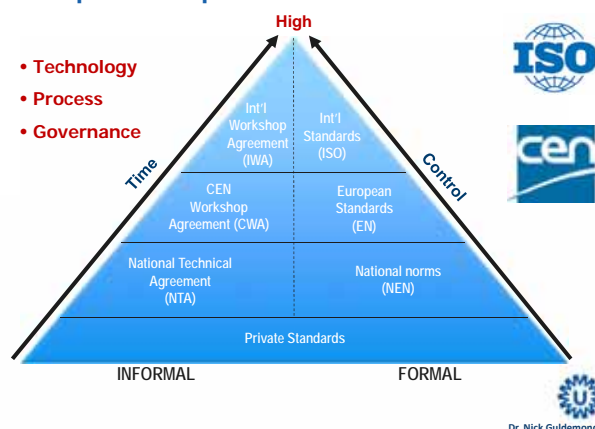

Multi-level strategy framework

mapping issues on interoperability of technology & service aspects

Dr. Nick Guldemond

Steps to European/International standards

What we should (continue to) do....

- Building a multidisciplinary critical mass
- Building on what we already have
- Contribute to multi-level/dimensional framework falls prevention
- Lets translate this into a guideline and standards
- Contribute to and endorse ongoing implementation & up-scaling
- Spread the word...

collaboration, communication, coordination is key

Dr. Nick Guldemond

Thank you!

The gain of knowledge is in it's application
